Correction of: https://medinform.jmir.org/2020/10/e23578
(JMIR Med Inform 2021;9(1):e25337) doi: 10.2196/25337

In “A Novel Approach to Assessing Differentiation Degree and Lymph Node Metastasis of Extrahepatic Cholangiocarcinoma: Prediction Using a Radiomics-Based Particle Swarm Optimization and Support Vector Machine Model” (J Med Internet Res 2020;8(10):e23578) the authors noted three errors.

In the original published manuscript, an equal contribution footnote for authors Jianbo Lei and Jian Shu was omitted. This has now been added.

Additionally, one co-author, Mei Ju, was not included in the author list of the originally published manuscript. Authors were listed as follows on the published manuscript:

Xiaopeng Yao¹,², PhD; Xinqiao Huang³, MD; Chunmei Yang³, MD; Anbin Hu¹,², PhD; Guangjin Zhou⁴, BA; Jianbo Lei¹,³, PhD; Jian Shu³, PhD

This was incomplete, and has been corrected to:

Xiaopeng Yao¹,², PhD; Xinqiao Huang³, MD; Chunmei Yang³, MD; Anbin Hu¹,², PhD; Guangjin Zhou⁴, BA; Mei Ju⁵, MA; Jianbo Lei¹,⁶*, PhD; Jian Shu³*, PhD

Mei Ju's affiliation is as follows:

School of Nursing, Southwest Medical University,
Luzhou, Sichuan Province, China

This affiliation is listed as affiliation 5 in the corrected manuscript, and the previously listed affiliation 5 (for author Jianbo Lei) is renumbered to affiliation 6. Affiliations 1, 2, 3, and 4 remain unchanged.

Finally, the “Acknowledgments” section of the original manuscript was missing a statement that recognized the support of an additional funding agency. The following sentence has been included in the corrected manuscript:

This study was also partly supported by PKU-Baidu Fund project of Intelligent auxiliary diagnosis using medical images and Research project of constructing health big data platform and service system for medical and nursing combined elderly care institutions.

The correction will appear in the online version of the paper on the JMIR Publications website on January 13, 2021, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other
full-text repositories, the corrected article has also been resubmitted to those repositories.
