

Multimedia Appendix 5. Thyroid cancer data entry interface.

The figure below is a part of the thyroid cancer data entry interface.

The screenshot displays a web-based data entry interface for thyroid cancer. At the top, a navigation bar includes tabs for Task management, Patient information, Result input, Order display, Order confirm, Result display, Additional order, Other, Free, AMC general report, Information search, and Setting. The main interface is divided into several sections:

- Input Section:** Contains buttons for Edit, Next, Save, and Delete. It features a Pathologist field with the value "14-00-0" and a Final storage date of "2017.03.04". There are also fields for Date of test, Clinical finding, Clinical diagnosis, and Consultant, along with a "By" field and a dropdown menu set to "6. Thyroid".
- Result of test Section:** Includes tabs for Diagnosis, Note, and Gross. It has an "Import" button and a text input field labeled "Enter the text".
- Diagnostic Options:** A "Diagnosis" section with radio buttons for "DIAGNOSIS" (selected), "PRELIMINARY", and "FINAL". An "Addendum Report" section has radio buttons for "REVISED DIAGNOSIS", "CORRECTED DIAGNOSIS", and "Note or IHC results".
- Organ Section:** A text input field for "Thyroid" followed by a dropdown menu, and a "with" field with a dropdown menu and the text "dissection".
- Histologic Diagnosis Section:** Radio buttons for "PAPILLARY CARCINOMA" and "PAPILLARY MICROCARCINOMA", and checkboxes for "CLASSICAL", "TALL CELL", "SOLID", "COLUMNAR CELL", "CRIBRIFORM-NODULAR", and "DIFFUSE SCLEROSING] VARIANT".
- Pre-defined expressions Section:** Includes a "Taskpad view" button and a "Change location" button with radio buttons for "User" and "Location".
- Bottom Section:** Features a "Save" button, a date field set to "January 1, 2999", a "Preliminary dx" dropdown, "Spell check", and "Sort by pathologist" buttons. A table with columns "SUB", "Specimen name", "Payment", and "Piece/block" is partially visible.
